

MTSU has the following tools that you should use when working with your academic advisors:

DegreeWorks: a comprehensive academic advising, and degree audit tool

- Available for use in PipelineMT and requires [Mozilla Firefox](#)
- Designed to facilitate real-time monitoring of your academic progress
- Used by students and advisors to use to enhance advising, degree planning and graduating on time.
- How run a Degree Evaluation via DegreeWorks
 - Log in to PipelineMT
 - Click on Registration and Student Records page
 - Click on the DegreeWorks icon

Academic Map: a reference guide that gives a general overview of requirements for your degree program(s)

- The map outlines a suggested sequence of courses.
- Following the suggested course sequence and meeting with your advisors will keep you on track for graduation
- Designed as a guide when planning your class schedule
- How to find your Academic Map:
 - Go to the [MTSU Undergraduate Catalog](#)
 - Click on "Academic Maps" on the left navigation
 - Find your major in the list to view your Academic Map
